

Recall Details

Meridian Medical Technologies, a Pfizer company and Mylan's manufacturing partner for EpiPen® Auto-Injector, has expanded a voluntary recall of select lots of EpiPen (epinephrine injection, USP) and EpiPen Jr® (epinephrine injection, USP) Auto-Injectors to now include additional lots distributed in the U.S. and other markets in consultation with the U.S. Food and Drug Administration (FDA).

The recall impacts certain lots of the 0.3 mg and 0.15 mg strengths of EpiPen Auto-Injector. None of the recalled lots include the authorized generic for EpiPen Auto-Injector, which is also manufactured by Meridian Medical Technologies.
